

CONE JACKET PAPERS

BPM
TM

BPM is a progressive manufacturer of specialty papers and converted materials for the food service and packaging industries. Our ability to offer full-service printing and wax/polymer coating makes us more than a paper company—we're a value-added partner in your business.

Extensive knowledge of packaging processes and equipment, and the continuing pursuit of new technology, creates a full value outcome for our customers—
 innovation,
 better performing products,
 and diverse capabilities—
 all under one roof.

A Cool Solution

- Offering a broad range of products with the capabilities to service multiple segments in the cone jacket business: conical, flat bottom
- Print capabilities to customize or advertise for your customer
- Uniform appearance with the opacity, brightness, and print surface to make graphics pop
- Clean cutting through die stamping/cutting operations for less debris; sheet stability to lay flat after cutting
- Balanced sheet for proper glue penetration allows for excellent adhesion under changing usage environments (warm cones in bakery to ice cream in freezers) yet not soak through and mar the print surface
- Forms well to provide stable end structure allowing for permanent joint retention (doesn't pop open)
- Excellent rimming/crimping characteristics in high-speed processing without cracking
- Resists moisture penetration to retain product during use

CONE JACKET PAPERS

GRADE	SHAPE	
	CONICAL	FLAT BOTTOM
55# Wax emulsion MF paper	•	•
58# Wax emulsion MF paper	•	•
55/64# Premium wet wax paper	•

Going Above and Beyond

Value-added services further elevate BPM from the competition and enhance the building of long-term relationships with our clients.

Our team members have extensive knowledge of converting equipment used to print, create, and form cone jackets. We'll work one-on-one with you to develop custom solutions that maximize your performance while keeping costs within your budget.

If you have a special request, call BPM's customer service group.
