

INTERLEAVER AND  
SANDWICH WRAP PAPERS

**BPM**  
TM

BPM is a progressive manufacturer of specialty papers and converted materials for the food service and packaging industries. Our ability to offer full-service printing and wax/polymer coating makes us more than a paper company—we're a value-added partner in your business.

Extensive knowledge of packaging processes and equipment, and the continuing pursuit of new technology, creates a full value outcome for our customers—innovation, better performing products, and diverse capabilities—all under one roof.

## Quality That Stacks Up

- Enhanced productivity on converting equipment through a flat sheet delivery
  - Non-curl properties reduce jamming and flaking while providing full control of an unsupported sheet
- Excellent handling characteristics due to targeted porosity for single sheet pick-up
- Multiple wax and paper weight combinations create targeted release characteristics for a variety of frozen meat products
- Grades offered are suitable for meat patties and sliced meat and poultry packaging
- Can be laminated to create heavier sheets or multi-ply sheets that can be separated
- Custom print and color match capabilities create crisp logos and clear product identification
- Superior release characteristics prevent bun sticking to wrapper
